

flexCOLOR
SWITCH BETWEEN
5 COLOR TEMPS

- Easily adjust CCT to 3000K, 3500K, 4000K, 5000K or 6500K.
- Hybrid driver allows installation with compatible instant start ballasts* or 120-277VAC line voltage. On line voltage, the lamp can be installed with single ended or double ended power.
- 10W, 11W, 12W & 15W models.
- Available in 2ft, 3ft & 4ft.
- Uniform illumination from our glass construction.
- Frosted glass lens softens the light output.
- Approved for installation in completely enclosed fixtures.

EMERGENCY LIGHTING OPTIONS
(AVAILABLE SEPARATELY)
