Offering up to 48A charging power w/ built-in OCPP Firmware. Perfect EV charging solution for multi-unit housing, commercial, retail or municipal properties. Pedestals and mounting options are all made in the USA.

- ➜ 4G LTE or Ethernet Communication utilizing OCPP 1.6J (Open Charge Point Protocol) cloud based EV charging management software.

- ➜ Can be pre-commissioned w/ ampUp PRO cloud based management software and mobile apps (see pg 4 for options).

- ➜ 48A/11.5 kW max output, can be adjusted to 40A, 32A, or 16A.

- ➜ High brightness 4.3-inch LCD display.

- ➜ RFID card reader for user authentication (requires enabling).

- ➜ Network-ready chargers, require additional charger management software. Add your own, or choose one of our AmpUp bundles on pg 2.

multiple mounting options — see pg 3
