SOLUTIONS/ESN  
ONTARIO, CANADA

### CONSULTANT

CITY OF SUDBURY  
ONTARIO

### SITUATION

The city of Sudbury, Ontario built a new dog park, but did not have enough budget dollars to run power to the popular new spot; forcing patrons to visit in the dark or with flashlights/headlights.

### SOLUTION

The park was fitted with (4) All-in-One Solar Area Lights (RP-SAL-30W) mounted on (2) 34FT poles to provide adequate lighting throughout the night.

### RESULTS

With the new All-in-One Solar Area Lights installed, the city's dog owners can now enjoy a safer environment at night. The city of Sudbury found that **"THE AREA LIGHT WAS EASY TO INSTALL AND CONVENIENT TO PROGRAM WITH THE REMOTE CONTROL."** Ultimately, the city of Sudbury chose to use Solera in Azila Dog Park based on its affordable, high quality products.
