- > Available in 60W, 100W and 150W comparable to 600W HID.
- > Daisy-chain multiple lights together up to 600W at 120V.
- > Each light comes with an integrated power cord (20' on 60W and 35' on other models) and expansion outlet.
- > Integrated power cord eliminates need for extra extension cords.
- > Metal cord retainer ensures the lights stay plugged in when daisy-chained together.
- > Integrated carry handle/hanging hook with spring loaded lever allows for quick, secure hanging.
- > High CRI with low power consumption for the most efficient work site.
- > No bulbs or ballasts to replace.
